Date of last vaccinations:	1 August 2008	
Date of last flea treatment:	31 October 2008	
Date of last wormer:	15 October 2008	

### About my pet

Buster is a very well behaved and calm dog. He has lived with me for the past 5 years since I rehomed him from an animal rescue centre. He is friendly and gets on well with everyone.

Buster has been toilet trained since he was a puppy. He is also neutered and microchipped.

As I work two mornings a week, Buster will be left in the property on his own for 4 hours at a time. He is not a destructive dog so he will cause no damage to the property or furnishings. He has plenty of toys to occupy him although he generally prefers to sleep while I am out of the house.

Buster is a healthy dog with no existing medical conditions. I regularly flea and worm him and he is given a health check by the vet and vaccinated annually.

When I go on holiday, Buster will stay with friends so he will not be left at home.

If you would like to meet Buster for yourself I would be happy to arrange this so that you can see that he is a well behaved dog.

## Example 2

### **Pet CV for Buster Smith** belonging to Mrs Smith

---

Buster is a very well behaved and friendly dog who has lived with me for more than 5 years since I rehomed him from an animal rescue centre. Buster is a 6 year old crossbreed dog. He is a very important and much loved member of my family.

#### **Training & Behaviour**

Buster is a very calm and friendly dog. He is not aggressive to people or other animals. Buster is very obedient and we attended dog behaviour classes together for 6 months after I adopted him. He does not bark very much, although he will bark initially when anyone rings the doorbell. He is friendly with strangers and visitors to our home and does not jump up at people.

#### **Exercise**

I take Buster for two long walks a day and we also go to the park at weekends. Buster walks well on his lead and is well behaved off-lead. He always comes back to me as soon as I call him. In our current property we have a garden so Buster can also go outside during the day to exercise and play.

#### **Health**

Buster was neutered when I adopted him which means that he is a calm dog and less likely to suffer from health problems as a result. He is given a health check by my vet and vaccinated annually against all the major canine diseases and I regularly flea and worm him. Buster has no history of medical problems. He is a registered client at our local veterinary surgery.

#### **Hygiene & Cleanliness**

Buster is toilet trained so he only toilets in the garden or out on our walks. I am a responsible pet owner and will always clean up his poop straight away. Buster does shed some dog hairs but I vacuum regularly so it will not be a problem. I also take Buster to be professionally groomed every 2 months.

#### **Other information**

As I work part time, Buster will be left at home on his own twice a week for 4 hours at a time. Buster is used to this so he will not be destructive or bark while I am out. I leave him with treats and toys to occupy him while I am gone but he generally just sleeps until I come home.

While I am on holiday or in case of an emergency, my friend Mrs Jones can look after Buster. If you would like to speak to her, please call xxxxx xxxxxx.

#### **References & contact details**

If you would like a reference from my previous landlord Mr Davies, please call him on xxxxx xxxxxx. He is happy to speak to you over the phone or provide a reference in writing.
